### Old Testament Survey

Designed to spark enthusiasm about the Old Testament, this course familiarizes students with the Old Testament. Via this introductory course, Dr. Childress seeks to help students to engage with the text, experience the depth and breadth of the text, and develop a greater appreciation for the Old Testament. Students may further their study of the Old Testament with additional courses.

### New Testament Survey

New Testament Survey, is just that - a survey of the books of the New Testament giving special attention to the life of Christ, We explore the contemporary message of the books of Matthew through Hebrews, parables and additional books that provide students with a foundation for bringing the scriptures to life when teaching and sharing God's word.

### Teaching the Bible

This final course gives students the fundamentals of preparing and teaching lessons from the Bible. Dr. Childress is an excellent expositor and equips students with practical approaches to studying Scripture in order to accurately interpret and share Biblical truth.
